Support our PAC and Protect Your Practice

Current Efforts Include the Following:

- Out of Network Regulations
- Continuous Efforts by the APNs to Practice Independently
- Prescribing Restrictions

WE NEED YOUR HELP

WHO

NJAPAC donates to legislators around the state who support our stance on issues that are important to the integrity of your practice.

WHY

To put it simply, to protect your practice, donating to our PAC helps us be more identifiable in Trenton. We will gain support by first showing support.

WHEN

Throughout the year, our PAC Advocacy Committee identifies opportune times to donate to fundraisers for legislators.

WHAT

Our State PAC is separate from the National PAC. While you may be active in donating to the ASA PAC, they only support our national advocacy efforts. This leaves State advocacy efforts up to us.

WHERE

There are fundraisers all around the State! All 120 legislators and the Governor fundraise year round. We need to help friends of the industry stay in office and build new connections!

Your contribution will assist the New Jersey State Society of Anesthesiologists in their state advocacy efforts, ensuring that your voice is heard by New Jersey's legislators and policy makers. Remember—a donation as small as \$5 /month is \$60 per member every year! You CAN make a difference!

Make a contribution to the New Jersey Anesthesia PAC today to help support our efforts to protect New Jersey's anesthesiologists and your patients!
